

# Elite Storage Solutions

Elite Storage Solutions is the nation's first full-service integrator and warehouse storage solutions manufacturer with the capability of providing both structural and roll-formed rack. Our 350,000 sq ft manufacturing plant is equipped with the latest in robotic welding and powder paint technology. This capability allows us to produce the highest quality products available in the material handling industry. Elite Storage Solutions offers a full line of products including Selective, Pushback, Drive-In, Cantilever, and Pallet/Carion Flow products. We design, manufacture and install even the most complex multi-level pick modules and high-rise racking systems for virtually any requirement.

Our knowledgeable staff of designers, estimators, and project managers has a comprehensive cross-section of industry experience. They understand the local municipality codes across the country and have a deep knowledge of the compliance regulations and proven practices of the storage and material handling industry.

As the only premiere nationwide manufacturer and integrator of storage systems, we strive towards continuing to provide unparalleled expertise and personalized service to our clients while providing the most competitive pricing.

With our network of manufacturing facilities, and 6 sales offices strategically located throughout North America, we guarantee manufacturing and integration expertise to meet your construction deadlines - on time and on budget. Contact one of our offices for additional information on our products and services or visit us only at [www.elitestoragesolutions.com](http://www.elitestoragesolutions.com)

"Our goal is to provide a product that exceeds the industry standards, and a service that exceeds the expectations of our customers."

## Commercial Rack & Shelving Solutions

"TAKING STORAGE TO NEW HEIGHTS"

## Industries

### Beverage & Grocery Distribution

Elite Storage Solutions serves the Beverage & Grocery industry across the United States, Central and South America and Caribbean. Our senior team members have years of experience, with jobs completed for the top Beverage & Grocery companies in the world.

### Retail

Elite Storage Solutions has been servicing retail clients, including some of the largest retail chains, for more than a decade and across hundreds of projects. Additionally, we've created turn-key, standardized solutions for small and big-box retail environments as well as customized, one-off racking and storage solutions that maximize product visibility, ease of storage and access, or meet other key customer goals.

### Pharmaceutical

Elite Storage Solutions has completed jobs for some of the top Pharmaceutical companies throughout the United States, Central and South American, and Caribbean. Every warehouse system has its own demands and Elite Storage Solutions understands the distinctive requirements that are involved in Pharmaceuticals. We have the knowledge and the capabilities to take your warehouse and clean room requirements and complete your job better than anyone else in the business!

### General Warehouses

As a full service material handling company we offer warehouse owners a complete solution to all their storage needs. From pallet rack, conveyors and mezzanines, to pallet trucks, totes and safety equipment. Our services are as complete as our products. We work with you from concept to grand opening. Elite Storage Solutions has the experience to make your facility state of the art. We analyze your products, processes, and work style, to come up with an efficient design and smooth implementation of your project. Tried and true methodology coupled with unique design and layout, creates solutions that are cost effective and flexible for future growth!

## Products

Selective Pallet Rack	Stacking Frames
Cantilever Rack	Structural Cantilever T-Sheds
Drive-In Rack	Mezzanines
Multi-level Pick Modules	High Pick Solutions
Carton Flow	Over-Dock Door Racks
Tru-Flow Pallet Flow	Structural Rail
Push Back Rack	Allied Material Handling Equipment
Carpet Rack	

## Manufacturing

- Roll-Form & Structural Capabilities
- Robotic Welding
- State of the art finishing process
- High Quality Powder Coat Paint Finish
- Durable and long lasting performance
- Fully bolted connections
- Versatile height, depth & load capacity

## Services

Site Survey & Design	Seismic Calculations
Industrial Material Handling Equipment	Fire Consultation
Project & Site Management	Business Management Record Storage
Freight Coordination	System Integration
Permitting Services	Installation Services
Warehouse Management Systems	Equipment & Safety Audits
